**The International Spy Museum Invites Guests to Explore the Science Behind the Cocktail with a Complimentary Class on September 30th**

- WHAT:** From beakers to blenders, you're invited to explore the science and art behind the cocktail. Find out how specific gravity, surface area and pH Levels play a role in creating the perfect libation. The evening kicks off with an entertaining and informative presentation on the cocktail and finishes with complimentary hors d'oeuvres, hands-on demonstrations and a chance to sample a few signature drinks.
- WHO:** The Science Behind the Cocktail is brought to you by Canadian Mist and hosted by The International Spy Museum.
- WHEN:** Thursday, September 30, 2010 from 6 to 8 PM. This event is open to anyone 21 years of age or older. Space is limited and reservations can be made online at [www.spymuseum.org](http://www.spymuseum.org) or by calling (202) 654-0991. For more information, visit [www.sciencebehindthecocktail.com](http://www.sciencebehindthecocktail.com).
- WHERE:** International Spy Museum is located at 800 F Street, NW Washington, DC 20004. The museum is located one block from the Gallery Place/Chinatown Metrorail station serviced by the red, yellow, and green lines.
